FREE Skin Cancer Screening 2011

## FREE MELANOMA/SKIN CANCER SCREENING

Saturday, May 21, 2011

The Dallas and Fort Worth Dermatological Societies and the American Cancer Society are offering Metroplex residents an opportunity to have their suspicious skin spots checked during the Melanoma/Skin Cancer Screening. This FREE screening is Saturday, May 21, 2011. Most basal and squamous cell cancers can be cured, especially if the cancer is detected and treated early. Melanoma is also highly curable if detected in its earliest stages and treated properly.

### Skin Cancer Screening Information
